Central Committee Asks for Twenty Deputy Sheriffs, Half of Them to Be Republicans.

> To assure voters in the country around East St. Louis a fair chance at the poils on election day, and also to prevent any attempt at voting persons who are not qualified voters, officers of the St. Clair County Democratic Central Committee yesterday morning presented a petition to Sheriff G. W. Thompson requesting the appointment of special Deputy Sheriffs to be assigned to four polls near East St.

These Deputy Sheriffs are not to receive any remuneration from the county, and are to be equally divided between the Democratic and Republican parties. Sheriff Thompson assured the committee that

iff Thompson assured the committee that he would grant their request with pleasure, and requested that the list of names of Democrats whom they desired appointed should be banded to him at the convenience of the committee.

Exponerate of the East Side fear that an effort will be made to force men who are not qualified as voters in precincts outside of East St. Louis. The petition which was presented to the Sheriff makes this plain statement, and says that at least ten Deputy Sheriffs will be needed to preserve order and to enforce the orders of the judges and clerks of election. These voting places are located in Brooklyn in Stites Township, at Lansdowne, at Schoolhouse No. 2, Centerville Station.

In order that there will be fair play, the Democrats suggested that half the number of Deputy Sheriffs be Democrate and the other half Republicans, bonds being given to the Sheriff by the leaders of both parties for the men appointed to these positions. The committee was made up of Chairman William Baltz, Vice Chairman Frank C. Smith and Secretary Phillip Sopp.

The Democratic Committee also request-

Chairman William Baltz, Vice Chairman Frank C. Smith and Secretary Phillip Sopp.

The Democratic Committee also requested Supervisor Andrew Dashney of Centerville Station and Supervisor C. B. Jones of Stites Township to appoint Democratic judges in these townships.

There have been many unconfirmed rumors in East St. Louis within the last week that the Republicans have made arrangements for the appointment of half a hundred Deputy United States Marshals in East St. Louis on election day. The rumors have been traced to Republican headquarters, where silence is maintained.

Voters of East St. Louis, as a rule, are angry at these rumors, as they assert that it is impossible for anyone to vote who is not duly registered in East St. Louis, and it is evident that both parties will have vigilant challengers at the polls, as there are 2,000 new voters, and many of these are unknown to the party workers on both sides.

There have been a large number of new

There have been a large number of new negroes registered, and Democrats claim that the Republicans are afraid that some of these negro votes will be challenged, and for this reason have started the ru-mor of the Deputy United States Mar-shals.

at the last election.

An error in not having a petition signed by 500 voters of East St. Louis was made when the proposition was submitted to the voters. It carried by a big majority, and the bonds have been sold, but at the request of the purchaser another election will be hold, so that there will be no doubt as to the legality of the bonds.
